

JOB TITLE: ASSISTANT DIRECTOR OF FACILITIES PLANNING & SERVICES

Classification: Administrator
Salary Range: 8

Retirement Type: PERS*
Revised and Board Approved: February 26, 2018

BASIC FUNCTION:

Under the direction of the Executive Director of Facilities Planning, Operations and Construction, plan, organize, direct and control the assigned operations and activities of construction, maintenance, operations and grounds. Provide short-term and long-term planning and assure compliance with local state and federal laws, codes, ordinances and District Policies and procedures. Supervise, train and evaluate the performance of assigned staff.

REPRESENTATIVE DUTIES:

Develop and administer maintenance and cleaning programs and related records; including procedures, work instructions, work scheduling and inspection. Inspect work performed and resolve deficiencies as needed.

As assigned, plan, direct and control the construction and renovation of the District's physical plant, coordinating and directing the activities of architects, engineers, inspectors and contractors as assigned.

Determine requirements, prepare specifications and purchase requisitions for materials and services as needed by the assigned units of the Facilities Planning and Services Division.

Coordinate work activities between division units, contractors and campus groups through oral and written communications.

Evaluate, determine and estimate the construction or maintenance needs of District physical plant; conduct surveys, make inspections, receive requests and communicate with others to determine needs.

Train, supervise and evaluate assigned staff; recommend various personnel actions including selection, discipline, termination, reassignment and promotions; participate on interview panels as requested.

Collect and organize Facilities Planning and Services documents for preservation including technical manuals, maintenance schedules, equipment replacement program, vendor files, maintenance work orders and purchase orders.

Assist in the determination of priorities and level of quality by considering function, safety, health, criticality and resources available; determine required resources necessary to accomplish work by estimating and use of time standards.

Prepare and maintain a variety of narrative and statistical reports, drawings, specifications, records and files related to assigned activities and personnel.

Assist in the development and preparation of the annual maintenance and capital construction fund budgets; analyze and review budgetary and financial data; control and authorize expenditures in accordance with established policy.

Maintain positive working relationships with vendors/contractors, students, the community and various departments within the district.

Coordinate health and safety programs in the Division; assure project requests are in compliance with OSHA regulations and State and local laws and codes; conduct safety meetings with supervisory staff as needed.

Attend and conduct a variety of meetings as assigned; give presentations to groups; represent the District with outside organizations and agencies including regulatory, local state and federal governments.

Assure a safe environment for students, faculty and staff by inspecting and working with the safety committee and the safety and health administrator.

Perform related duties as assigned.

JOB QUALIFICATIONS:

Education and Experience:

Any combination equivalent to: Bachelor's degree in Engineering, Business Administration or related field and five years of increasingly responsible facilities management experience, including two years in a supervisory capacity.
