Students: ECC's Opportunities (cont.)

- External Stakeholders ECC Strengths

External Stakeholders: ECC's Strengths

External Stakeholders: ECC's Opportunities

External Stakeholders: ECC's Opportunities (cont.)

- Common topics from students AND external stakeholders

Draft of Emerging Common Topics

- 1 Course offerings & equipping the community with career development opportunities
- 2 Access
- 3 Connection & sense of belonging
- 4 Internal processes & employee engagement
- 5 Outreach, partnerships & public perception

- Question about comment “from an employer perspective, students leaving ECC are not always prepared for workforce.”

Topic 1: Course Offerings & Equipping the Community with Career Development Opportunities

SWOT	Summary Headings	Examples of Insights/Quotes
Strengths	Quality education	<ul style="list-style-type: none"> • ECC has very qualified instructors who also work at top 4-year colleges, but offer smaller classes (more personal) at ECC. • Faculty are experienced in their industry and bring certifications and academic rigor to the programs.
Challenges (external)	Alignment of student skillset & workforce needs	<ul style="list-style-type: none"> • From an employer perspective, students leaving ECC are not always prepared for the workforce. ECC needs to do a better job bridging the skills taught versus what skills are needed. • In the CIP student survey, “Support finding an internship or job” is one area where students said they are the least satisfied
Opportunities	<ul style="list-style-type: none"> • Types of courses for a diverse community • Courses offered to address community needs • Partnerships with employers • Increase the flexibility of course offerings 	<ul style="list-style-type: none"> • More certificate programs – faster rate of training to start working in nearby industries. • Have short term online and in-person courses for the soft skills/basic skills. • Build collaboration opportunities into the curriculum, where students can practice real world industry skills in the classroom. • When asked what El Camino college needs to start doing, a top theme that emerged was “offering more courses at different times”

- - Can employers be questioned about what skillsets are missing and bring to senate so faculty can consider in curriculum
 - Which employers were represented here? What industry was represented?
 - Viviana can prepare document/report for senate so programs can be informed
 - This can also be discussed within program review committee
- Currently data being analyzed to develop themes and foundational statements to support creation of goals/strategic planning.
- Next summit 5/12 9am-3pm
- Questions/comments
 - Who can attend 5/12 summit?
 - Anyone can attend. 1st summit didn't have enough faculty representation
 - Can zoom option be available? Some folks don't have childcare available.
 - Viviana will take back to group to consider zoom option
 - Some themes seen here were request for more classes at Inglewood center and return to basic skills. What part of these belongs to adult schools vs el camino college?

- Bring back child development. Students who are parents are underrepresented. The college needs to serve this population.
 - Onsite daycare for students can benefit child development program and our students
 - LBCC has invited Boys and Girls Club partnership
 - Edith Gutierrez and Kristen Gutierrez (EOPS/CARE/CalWORKS) have been discussing this too
 - Golden West has partnership too
 - Although childcare is not senate purview . However, we can show up as faculty and advocate to reopen center
 - Rebuttle: Child Development Program requires students to do observations so the topic of opening up a child development center is appropriate to discuss
 - Senate to consider resolution discussion at next senate meeting
 - Include ASO
 - Senators volunteered to write resolution: Anna B. Maria G. Erica B. and others
 - Early childhood education is a different age group than Boys & Girls Club afterschool programs but both ideas should be pushed forward
 - Golden West and LBCC partnership starts working with children as young as 6 weeks.

Institutional Effectiveness Announcements

In collaboration with Division SLO Facilitators and administration, we've identified a set of "high impact" courses across campus that will be using Canvas Outcomes to gather SLO data this semester.

We will disaggregate SLO data to meet accreditation requirements, but primarily to reveal equity gaps in our most populous, high impact courses, to see which skill or content knowledge areas could be improved to help our most impacted students.

There will be two workshops for the campus, via Zoom, on 26 April and 10 May at 1:15pm to show participants how to include Outcomes in their Canvas shell and to gather SLO data via Canvas, whether or not they are already using Canvas in their course.

Contact Kevin Degnan (kdegnan@elcamino.edu) for more information on the workshop or to get a focused workshop for your program or division.

Please see the packet for the full report.

- Can session be recorded or added to Canvas?
 - Yes, training materials on SLO website
 - Will email out on request
 - Can register on Cornerstone

c. Academic Affairs Report- Carlos Lopez

d. Student Services Report- Robin Dreizler

G. Future Agenda Items

H. Public Comment (5 minutes)

- Math Academy changing to workshops this summer
- Thank you to all folks writing reports and providing input

I. Adjournment

- 2:14pm

Resolution for Faculty in high-tech fields involvement in technology selection

WHEREAS, it is recognized that this is Senate Purview affecting policies regarding student preparation and success;

WHEREAS, It is recognized that most disciplines and labs on campus can use the standard technology (PCs or Macs) selected by ITS, however, certain disciplines fall outside of these standards;

WHEREAS, Full-time Faculty who teach in disciplines with specialized computer lab technology demands, requiring more than standard PCs or Macs, have expertise in the needs of technology for their instructional needs;

WHEREAS, The disciplines currently considered to be affected are listed publicly on the Academic Senate website;

WHEREAS, Full-time Faculty in these disciplines also need more than the standard PC or Mac to prepare and teach their courses effectively;

RESOLVED, Full-time Faculty in these disciplines must be consulted by ITS when labs are created requested, scheduled for an upgrade, or in need of an off-cycle upgrade due to technology being unable to support current software to allow for quality instruction;

RESOLVED, The college ITS must provide appropriate technology for those labs, without requiring the faculty to purchase faculty needing to purchase the equipment on grants, or to find other sources of funding on their own;

RESOLVED, Full-time Faculty in these disciplines must be given a computer that meets the requirements of their discipline;

RESOLVED, As new high-tech disciplines emerge they can petition the Academic Technology Committee to be added to the list of disciplines that must be consulted.

Commented [BS1]: All faculty should have input.

Commented [BS2]: List: Architecture, Computer Science, Computer Information Science, Data Science, Digital Arts, and Games and Playable Media, Journalism, CADD, and Fashion

Commented [BS3]: All faculty should have input.

Commented [BS4]: Omit? ITS doesn't create or upgrade labs without the approval of the Division Dean/Director.

Commented [BS5]: If a department/division needs a lab, there may be something already available (and thus may not need to be 'created').

Commented [BS6]: Changed to acknowledge feedback: who determines when they are in need of an off-cycle upgrade'?

Commented [BS7]: Outside feedback: Who is expected to establish these requirements? Are we having separate requirements for each discipline? I would strongly recommend that we do not adopt or facilitate a model in which we end up with 10 different computer standards/configurations.

Commented [BS8]: Outside feedback: Don't you think you would be better off petitioning the Technology Committee instead (which is a standing committee contrary to ATC)?

Commented [BS9R8]: The ATC feels it should be them since there are more faculty voices on that committee. However...

Commented [MC10R8]: It feels like maybe Tech committee is better. it meets year round, it does have faculty reps, and it has tech expertise to know if what is being presented does indeed require higher level technology

Commented [BS11R8]: To add: since the college tech has moved to a tri-chair model, there will be some faculty representation

Dear CIP Steering Committee,

We, the Academic Senate of El Camino College, are writing to request that you prioritize the provision of low- and/or no-cost childcare for El Camino College students in the next Comprehensive Integrated Plan. Our college mission statement asserts that “El Camino College makes a positive difference in people’s lives. We provide innovative and excellent comprehensive educational programs and services that promote student learning, equity, and success in collaboration with our diverse communities” yet our college has failed to provide equitable, excellent services to student parents since the closure of the child development center in 2014. When stakeholders were surveyed about the strengths, opportunities, and challenges one of the emerging feedback themes was the need for a childcare option for ECC students. As one stakeholder pointed out, this is a clear equity issue: “It is hard for single parents to attend school; how can people get an education if they can’t afford childcare? El Camino needs to bring back the Child Development Center (CDC).” While the college does not collect adequate data on student parents to accurately assess the need for the CDC or the negative impact on enrollment due to lack of adequate childcare options, since 2019 9,495 ECC applicants have answered childcare on the optional CCC Apply question about programs and services they are interested in, childcare is one of the leading reasons students give for stop-out or drop-out, and many faculty have expressed that one of students’ top roadblocks to success is the lack of childcare.

In addition to supporting equity goals by meeting a basic need for student parents, the CDC also supported the learning and success of students in the Early Childhood Education program (a program in which 87.5% of students identify as students of color) by providing an easily accessible lab/internship facility. Closing the center forced students to travel to off-campus locations to fulfill class assignments, increasing the total cost of education and time spent traveling to school. Like many hardships, this was disproportionately impactful on ECC’s neediest students. Reopening the CDC or providing another nearby facility for ECE students to utilize for observation and internship hours would support the college mission by improving the quality of the ECE program and providing additional opportunities to students in the program, the majority of whom are part of identified equity populations.

We acknowledge the concern that most CDCs are not self-supporting and thus require funding from the District budget. However, it is our belief that providing childcare will drive enrollment growth and increase the quality and reputation of the ECE program. Additionally, provision of no- or low-cost childcare supports the equity goals of the college by providing for the basic needs of parents so that they have access to the quality education ECC provides. Thus, we are asking the CIP to prioritize the creation of a task force with administrative, faculty, classified, and student representatives to explore options for providing affordable childcare for ECC students and develop a recommendation for an implementation plan. This task force shall commence their work and report their findings to College Council and the Board of Trustees by spring 2024.

Thank you in advance for consideration of this request.

Sincerely,

Signatures

Fall 2022 Meetings: September 13 & 27, October 11, November 8

Spring 2023 Meetings: February 14, March 14, April 25, May 23

AGENDA

1. Spring 2023 Book Club: Linguistic Justice—Linda Cooks

- a. Last Book Club meeting on March 24th went really well, robust conversation that beyond folks in the English department. Reading was really good. Someone mentioned that this should be an Institution Learning Outcome.
- b. Next sessions: April 28th and May 19th ; 11:00 am - 12:00 pm

2. Fall PD Day planning updates- Anna Brochet

- a. Since we last met a few weeks ago to discuss PD Day planning, the ideas and sentiments that were discussed in that meeting were brought to the PDAC and then discussed with the PD Day Planning Tri-Chairs and we developed the following rough agenda for the day. We made sure to keep aspects of traditional PD days that this body felt was important but changed the format in hopes of a more engaging experience for the campus. The schedule is different than past PD days however it still starts at 9 am and ends at 4pm and provides 6 hours of required PD for faculty. General Session has been renamed Campus Gathering and shortened quite a bit. We have provided time during the day to visit new and renewed student support programs and spaces during the ECC Campus Open House. We can provide a self-guided map and provide folks with a passport to get stamped at various

locations and at the end, they can turn it in for swag. Doing Lunch again at North Gym, since it was successful last time. Then Conversation with Colleagues with groups having an opportunities to possibly launching into communities of practice. Finally, ending the day with a Division Workshop; a more engaged activity for the divisions to go over disaggregated data with Guided Pathways leads helping deans to facilitate this activity. We discussed whether looking at individual data might be too big of a jump for now to do, perhaps this fall we review disaggregated data at the SLO level and review SLO process and next PD day, perhaps look at individual data. However perhaps we can let divisions can choose whether to review SLO or individual data since some divisions are already in constant discussions about SLOs. Some divisions might want to look at PLOs. Since each division may be at different places in their review/reflection of disaggregated data, perhaps they should have flexibility to do different things based on their needs during this time on PD day. The tri-chairs can discuss with the leads of this activity in each division to see what makes most sense to them during this time on PD day. VPAA will work with Deans to ensure they are comfortable with division workshop time. TB: Not all classified staff know they are invited to PD day, wants to confirm the time campus is closed. CM: Will make sure VPAS will relay message to their area that they are invited to PD day. Campus is closed during scheduled activities which is 6 hours on PD days.

Rough agenda:
