Classroom Discussion Guidelines

Lively class discussion is an important part of this course. We will be discussing topics that are often provocative and controversial. All students are expected to be respectful and considerate during classroom comments and discussion. Examples of prohibited behavior during these classroom discussions may include:

1. Personal attacks;
2. Derogatory statements based on protected class (such as epithets and slurs);
3. (Literal) Finger pointing;
4. Walking up to/approaching the instructor or other students (ex. getting in one's personal space);
5. Yelling, screaming, using profanities;
6. Interrupting the instructor or another student while they are talking; talking over one another.

Failure to follow these classroom discussion rules may result in removal from the class, etc.
