Fall Meetings from 1-1:50 pm in SOCS 123: Tues Sept 13; Thurs Sept 29; Tues Oct 11; Tues Oct 25; Tues Nov 8; Tues Nov 22; Tues Dec 13 (tentative)

Members: Christina Gold (Chair), Mark Fields, Vanessa Haynes, Chris Jeffries, Karl Striepe, Lori Suekawa, and Linda Ternes.

I) BP/AP 3710 Securing of Copyright and BP/AP 3715 Intellectual Property

Background: BP/AP 3710 Securing of Copyright are new and legally required. A copyright committee worked on these over a couple years and a draft was brought to EPC last fall by Don Brown. It went through consultation with Deans and at the Senate. Serious concerns were raised in the Senate about its overlap with the issue of intellectual property. The current drafts combine elements of the copyright and intellectual property CCLC template policies and procedures into one, following the model of several other CCC campuses. Josh Troesch provided edits and approves the drafts. Please refer to the Oct. 25 EPC packet for all the supporting materials.

II) BP/AP 4235 Credit by Examination

Background: This is a revised policy and new procedure. In the revisions, the procedure was removed from the policy and moved to the new procedure. The new procedure summarizes our current processes that are laid out in BP 4235, the course catalog and the Admissions and Records website. Some changes have been made to ensure we are compliant with Title 5.

(b) The governing board may grant credit to any student who satisfactorily passes an examination approved or conducted by proper authorities of the college. Such credit may be granted only to a student who is registered at the college and in good standing and only for a course listed in the catalog of the community college.

(c) The nature and content of the examination shall be determined solely by faculty in the discipline who normally teach the course for which credit is to be granted in accordance with policies and procedures approved by the curriculum committee established pursuant to section 55002. The faculty may accept an examination conducted at a location other than the community college for this purpose.

(d) A separate examination shall be conducted for each course for which credit is to be granted. Credit may be awarded for prior experience or prior learning only in terms of individually identified courses for which examinations are conducted pursuant to this section.

(e) The student's academic record shall be clearly annotated to reflect that credit was earned by examination.

(f) Grading shall be according to the regular grading system approved by the governing board pursuant to section 55023, except that students shall be offered a "pass-no pass" option if that option is ordinarily available for the course.

(g) Units for which credit is given pursuant to the provisions of this section shall not be counted in determining the 12 semester hours of credit in residence required for an associate degree.

(h) A district may charge a student a fee for administering an examination pursuant to this section, provided the fee does not exceed the enrollment fee which would be associated with enrollment in the course for which the student seeks credit by examination.

COURSE CREDIT

Credit by Examination

It is the policy of the El Camino Community College District, under the California Administrative Code, Title 5, Section 51605, and the requirements established by the Board of Trustees to grant credit by examination.

The purpose of credit by examination is to allow a student to gain credit for a specific course by demonstrating mastery of the subject matter and/or skills.

Updated lists of courses eligible for credit by examination are kept in the Academic and Counseling Division offices as well as in the Admissions and Records office. It shall be established that the knowledge, skills, and/or experiences gained outside the regular college curriculum are compatible with the course objectives for which credit is requested. Proficiency in subject matter or skills shall be assessed through examination, portfolio, or skills demonstration, and must be at the level expected of students who have successfully completed the course at El Camino College.

Eligibility Requirements

- 1 A student must have completed 12 semester units at El Camino College with a minimum grade point average of 2.00 and be in good standing at the time the credit is granted. However, students enrolling in or enrolled at El Camino College may be allowed to take the examination at any time, even though credit will not be granted until 12 semester units have been completed.
- 2 Students shall only be allowed to petition to receive credit by examination one time per course. Students may not petition for credit by examination for a course in which they have previously enrolled and received a grade.
- 3 Students may not petition for credit by examination for a course in which they have been enrolled after the first two weeks of a semester, except under special circumstances as determined by the dean or appropriate faculty.
- 4 Students must petition for credit by examination no later than the middle of the term except under special circumstances as determined by the dean and appropriate faculty.
- 5 Only those courses listed in the catalog and approved for credit by examination at the time of the examination shall be available to students for such credit.
- 6 Credit is not available for any course which is lower in a sequence than a course for which credit has already been granted, except under special circumstances as determined by the dean and appropriate faculty.
- 7 The maximum amount of credit permissible shall not exceed 15 semester units,

including not more than 50% of the credit required for the major subject field.

Fee Requirements

A processing fee will be charged to petition for credit by examination. Amount of fee will be established by College Council or a subcommittee thereof.

Students involved in the high school/SCROC-articulated programs will be exempted from paying this fee.

Procedure for Earning Credit by Examination:

Students shall complete a petition for credit by examination and submit it to the Admissions Office along with satisfactory evidence of knowledge, skills or experience.

The Admissions Office shall forward petitions, with supporting documentation, to the respective dean of the academic division concerned. The dean, in consort with appropriate faculty, shall determine the eligibility of the student for such an examination.

If the petition is approved, the dean and appropriate faculty shall consult regarding the form and content of the examination. Subject matter mastery and/or skills proficiency, as stated in the objectives of the course outline or record, may be established by written examination, portfolio, skills demonstration or combination thereof. It shall be the responsibility of the academic division to notify the student of the examination arrangements.

The examination shall be graded and recorded only as credit/no credit and the results shall be recorded on the petition form and forwarded to the Admissions Office.

If credit is granted, the Admissions Office shall record credit for the course on the student's official transcript when all eligibility requirements have been met. The petition, with recorded results, shall be filed in the student's folder. The Admissions Office shall notify the student of the results.

Restrictions on Units Earned through Credit by Examination:

Units earned by examination are not to be considered part of the student's subject load. Units shall not be used for reports to Selective Service, Social Security, Veterans Administration, or similar agencies and shall not be considered in verifying eligibility for athletics or student government.

Acceptance of Credit

Credits earned at other colleges, which are accredited, by one of the regional accrediting agencies are customarily accepted for transfer to El Camino College on receipt of an official transcript of record.

Students submitting transcripts from other colleges for the purpose of receiving a degree or certificate from El Camino College must submit an official college-to-college transcript. Transcripts delivered by students will not be considered for degree or certificate purposes.

Appropriate college level United States Armed Forces courses also may be accepted for credit.

Credit for Military Service

The experience of the veteran will be reviewed and any appropriate credit granted. Once El Camino College reviews and awards credit, it will become part of the veteran's permanent record. Credit will be awarded after completion of one semester of attendance at El Camino College.

A copy of the veteran's separation document (form DD 214) or discharge paper (including the side showing dates of induction and separation) must be on file. No credit is approved for the six-month Reserve program. Credit for military service is given according to length of service as follows:

- 90 days to 1 year: Contemporary Health 1 (3 units); Elective Credit (2 units)
- 1-2 years: Contemporary Health 1 (3 units); Elective Credit (4 units)
- 2 years or more: Contemporary Health 1 (3 units); Elective Credit (6 units)

Note: Veterans enrolling in Contemporary Health 1 will not be paid educational benefits for this course.

College Level Examination Program (CLEP) credit will be accepted when it is included on the American Council on Education (ACE) transcript.

AA/AS: Students with a score of 3 or better may use the AP exam for general education credit in the appropriate area; however, credit for a specific course to meet major requirements for the AA or AS degree, will need to follow the course equivalent outlined by the academic department. A student who receives AP credit and then takes the equivalent ECC course will have the unit credit for such duplication deducted prior to being awarded the AA/AS degree. Credit by Advanced Placement exam is noted and listed on a student's transcript, with units assigned and no grade. A maximum of 15 units of AP credit can be applied to the associate degree.

CSU GE: The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education- Breadth and major requirements.

IGETC: AP exams must be used in area indicated regardless of where the certifying CCC's discipline is located.

TRANSFER: Students may use AP exams for transfer units and major requirements; however, the student must consult with a counselor and the four year institution's college catalog or AP credit policies. Course credit varies by campus.
