Senate packet, pages 16-17

- a. **ECC VP of Student Services – Ross Miyashiro.** Unable to attend due to off-campus conflict.
- b. **ECC VP of Academic Affairs – Jean Shankweiler**

Dr. Shankweiler spent much of October travelling on behalf of the college. She attended the CIOs' conference, where AB 705 was a big topic of discussion and the chancellor indicated that colleges will need to work to meet the ambitious timelines. A team from ECC will be attending the Southern Regional Curriculum meeting (ASCCC) to learn more about implementing AB 705. Jean attended the EDUCAUSE conference with Art Leible and appreciated having Art's help identifying relevant tools from the many options available at this "playground for techies." Jean discovered some resources for DE and Canvas. The college needs to identify tools for curriculum and scheduling. Rankings for the Faculty Prioritization process have been completed. We anticipate that approximately 14-16 positions may be approved, based on our FON and other considerations. The final list of approved positions will be shared with the campus, along with a rationale for any adjustments made to the priority list. See President's Report in this meeting for the recommended list of rankings. The Superintendent/President makes the final decision; the process is outlined in the contract. The college is working on recruiting leadership for the accreditation process. Our visit will be fall 2020. The goal is to have all chairs in place by the end of this semester so ECC campus leaders can attend the ASCCC Accreditation Institute in February 2018.

## a. Recommendation to Enroll in Google for Education: 2nd Reading

-- Pete Marcoux, VP, Academic Technology

Some faculty have purchased Chrome Book carts (see following slide). Google for Education allows faculty to easily track these and access additional tools. ITS is on board with this recommendation. A question the counselors had was how G4E differs from One Drive. VP Marcoux explained we already have access to One Drive. Eventually, you will be able to access your files from any place you log in on campus. With G4E, you get access to more storage space. The college is in the process of transferring student emails to One Drive, after which faculty accounts will be transferred. Students shouldn't notice much difference; faculty will notice they won't have to delete email files anymore. We will still be a Microsoft campus but, with G4E, students will gain experience with both platforms, which is something they can add to their resumes. Google is very easy to use and is commonly used in the K-12 setting. Chrome Books and cart, plus printer and 3-year service contract cost approximately \$12k, much less than \$1,000/workstation in a typical lab. Motion passed unanimously so ITS can now "flip the switch" to give our campus access.

**b. Second Reading: Online Education Initiative Course Exchange Pilot.**

**-- Chris Gold, Interim Distance Education Coordinator**

At the last meeting, we decided to bring this proposal back for another reading, so Dr. Gold could provide answers to questions that were raised. There were several questions about curriculum and Chris emphasized that this recommendation is to apply to participate in the consortium. The college would still need to apply and get chosen. There will be opportunities for further input. This recommendation is simply to start the process. There are many resources in the slides that follow and in the packet. The Academic Senate joins the Distance Education Advisory Committee, the Director of Financial Aid, the Chief Technology Officer, and the Vice President of Academic Affairs in encouraging El Camino College to apply to participate in the Online Education Initiative Consortium of Colleges.

# Online Education Initiative

**Purpose:** To ensure that significantly more students are able to complete their educational goals by increasing both access to and success in high-quality online courses and programs.

There are three levels of opportunity for participation in the OEI.

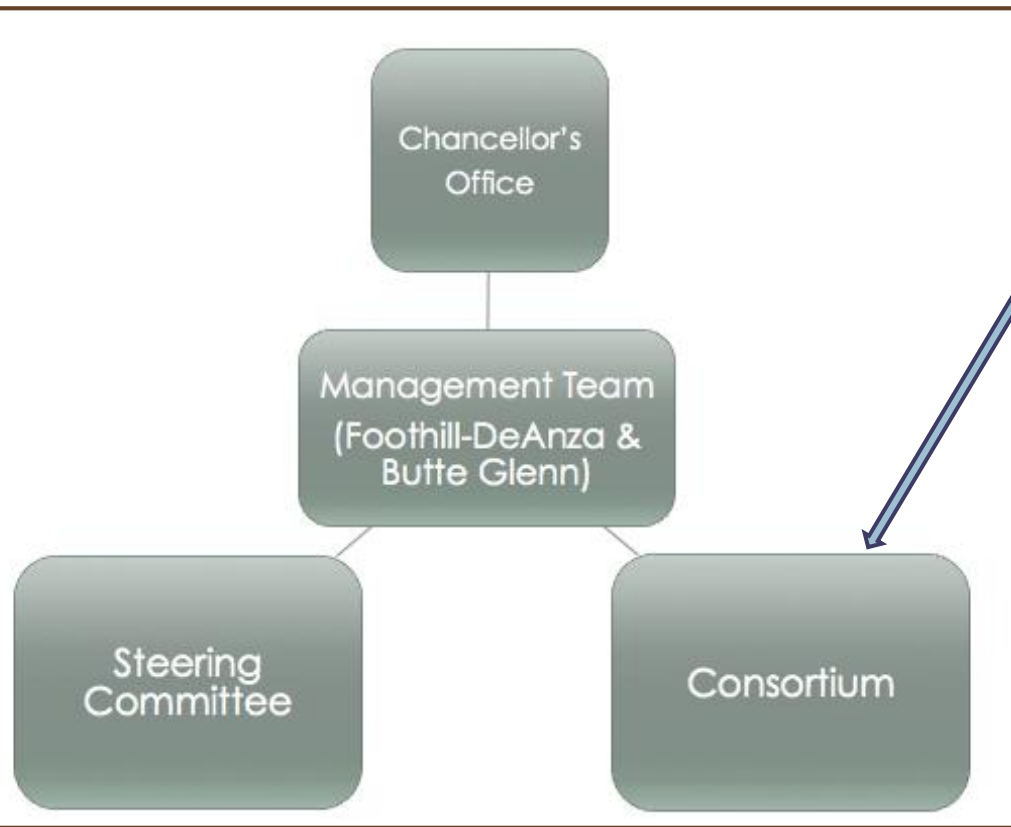

## OEI resources include:

- NetTutor (tutoring) reduced to CCC's, free to consortium colleges
- Proctorio (proctoring) reduced to CCC's, free to consortium colleges
- Vericite (plagiarism detection) reduced to CCC's, free to consortium colleges
- Cranium Café (counseling) free to consortium colleges
- SmarterMeasure (student readiness) free to CCC's
- Professional Development through @ONE variable cost and free

Only 5 colleges are in the outer ring. ECC is in the middle ring: using OEI resources and Canvas. This proposal is for us to join the inner ring: to also participate in the exchange.

# Online Education Initiative

## Consortium Colleges

- Currently 24 consortium colleges
- Agree to offer courses on the exchange
- Send two people to consortium meetings (updates, feedback, suggestions)
- Students have access to the exchange
- Tech support
- Support to faculty as they create exchange ready courses
- Access to free resources (NetTutor, Proctorio, Cranium Café, Canvas, Smarter Measure – can stay with TurnItIn)

- Smarter Measures offers readiness modules for students on topics such as managing time.
- Students participating in the exchange will be able to access counseling both at their home college and at the teaching college.
- The senate was encouraged to endorse the recommendation by VP for Academic Technology, Pete Marcoux. He noted we can always back out later if we have concerns. It's a good opportunity for the college and puts us in a good position, given the statewide emphasis on online offerings for students.
- Chris Gold clarified that ECC gets credit for enrollment for any student in our online courses, even if that student is enrolling through the exchange.
- It's not clear when we will hear about the status of our application but we would be offering courses in the exchange in spring 2019 at the earliest.
- The recommendation to apply to join the exchange passed unanimously.

## F. New Business:

### a. **Call for Elections: -- Pete Marcoux, Elections Chair**

- **President**
- Thanks to Pete Marcoux for agreeing to be “voluntold” to serve as elections chair this semester. He explained that, for president, we would have a president-elect for spring 2018, to give a new president the opportunity to shadow an outgoing president. KDD is honored to have been nominated by Chris Gold. If elected, she would not be shadowing herself. Though if it allowed her to be in two places at once, she might reconsider.
- **Secretary**
- Claudia Striepe, senator from LLR and former senate secretary AND former senate president nominated Traci Granger. Much to everyone’s relief and delight, Professor Granger agreed to be nominated.

## a. Survey of Entering Student Engagement (SENSE) Presentation – Marci Myers, Institutional Research

Thanks to Marci for her patience; she was on the agenda for our previous meeting, but we ran out of time. Note that the slides that follow provide a brief overview of the data from our fall 2016 SENSE surveys. The final slide indicates where the complete report can be found, on the IRP website. The survey will next be administered in fall 2018. First-time students were sampled during the 4<sup>th</sup> and 5<sup>th</sup> week of the semester in Math and English classes. Before the next survey, campus members will be invited to propose questions. Senators suggested possible questions for next time, for example, ask students if they observed/benefitted from the Ask Me button campaign and ask how many students purchased their textbooks.

It was suggested that the college learn which colleges are exemplars for student engagement and learn more about strategies being used by those institutions.

The CCSSE survey also looks at student engagement but surveys the entire campus and also asks for faculty and staff perceptions, which provides useful comparison data. CCSSE is completed every 6 years.

### **b. Center for Urban Education Institute: Strategies for Equity-Minded Hiring Practices – Jaynie Ishikawa, Scott Kushigemachi, Jane Miyashiro.**

During 2015-2016, Jaynie Ishikawa brought the EEO Plan to the senate as part of the consultation process. Now the college is implementing that plan. This presentation provides an overview of campus-wide efforts. Faculty were strongly encouraged to consider joining one of the subcommittees because this plan affects everyone and because there are a variety of areas (such as content expertise) for which faculty can provide useful input.

It was suggested by Senator Kurt Hull that training opportunities be offered digitally, to enhance convenience. He was promptly encouraged to join an EEO committee!

### **c. New ECC Website Redesign – Heather Parnock, Amy Hanoa, Brad Seng, Public Relations and Marketing**

The number one goal for the website redesign was to make it more mobile friendly. The team was pleased to note that the website now features user-centered navigation and all content and links are mobile-friendly. The Website Task Force will continue to advise on the development of the site and serve as a working group. Please let the team know if there are broken links. The site index can be found at the bottom of the page. A number of suggestions were offered, including posting faculty office hours on the student-focused pages, providing direct links to Canvas and to the library, and it was confirmed that Counseling appears on several pages for easy access. # OLD VS. NEW DESIGN

The old website design features a dark blue header with the El Camino College logo and name. A search bar is located in the top right. Below the header is a large hero image of two female students holding a blue pennant that says 'EL CAMINO COLLEGE'. To the left of the image, the text reads 'El Camino College: Top 10 in transfers to UCs, Top 3 in transfers to CSUs'. To the right is a vertical navigation menu with buttons for 'STEPS TO ENROLLMENT', 'FUTURE STUDENTS', 'CURRENT STUDENTS', 'ADMISSIONS', 'IMPORTANT DEADLINES', 'FINANCIAL AID & SCHOLARSHIPS', and 'COMMUNITY & VISITORS'. Below the hero image is a 'WELCOME TO EL CAMINO COLLEGE' section with social media icons and a 'QUICK LINKS' sidebar containing 'Class Schedule', 'Calendar', 'Administration', 'Faculty & Staff', and 'Detour/Parking Info'. A 'NEWS & INFORMATION' section follows, with text about counseling appointments, fall degrees, and Cuba on the Cusp. At the bottom, there are several small promotional banners for 'Warrior Pantry', 'Join Us', 'College Night', and 'Scholarships'.

The new website design has a clean, modern layout with a white background and a blue header. The header includes navigation links for 'Future Students', 'Current Students', 'Faculty & Staff', 'Community', and 'Give', along with 'MYECC', 'ASK EL CAMINO', and 'APPLY'. The main navigation bar features 'El Camino College' and 'ACADEMICS', 'ADMISSIONS', 'CAMPUS LIFE', and 'ABOUT'. A large hero image shows a diverse group of students walking on a campus path. Below the hero image is a row of utility links: 'START HERE', 'CLASS SCHEDULE', 'FINANCIAL AID', and 'ACADEMIC CALENDAR'. The content area is divided into three main sections: 'Events' with a calendar for Nov 10 (Veterans Day Holiday), Nov 17 (Last Day to Drop with a 'W'), and Dec 15 (Fall Semester ends); 'Discover' with a 'WARRIOR PANTRY' banner and 'Success Stories' and 'Introducing FloWater!' sub-sections; and 'Scholarships' with a banner about annual awards. The footer includes 'STAY CONNECTED' with social media icons, 'INFORMATION' (Accreditation, Business Training Center), 'ACADEMICS' (Admissions, Catalog), 'STUDENT RESOURCES' (AB 540 Information, Athletics), and the El Camino College logo with the address '18001 Creechshole Blvd, Temecula, CA 92592'.
