2. Data Science Certificate of Achievement- S. Russell mentioned they have taught for the first time CSCI 8 (Foundations of Data Science) since Fall 2021, and now have a new course that has been through the curriculum committee but has not been taught at the moment. The computer science faculty are working on offering a Data Science certificate of achievement. The Computer Science department will meet in a couple of weeks and vote on it. S. Russell will give an update at the next DCC meeting and possibly vote on it to forward it to the department.
3. Actuarial Degree- Passed unanimously, 25-0 in the department. DCC members reviewed the proposal and have voted yes to the Actuarial degree, and will now be sent to E. Ambrosio.
