ILO Assessment: Ensure Learning

- ILO's are assessed once a year.
- Ensure Learning ILO will be looking into:
 - Success Rates
 - SLO Success Rates
 - Completion Rates across campus for all the courses

ALC will be sending out an email asking for student learning success stories.

C. Schult-Roman encouraged DLOACC members to discuss with their designated committees to come up with ideas on how to help the students to learn in ways that are not measured against the SLO's.

Facilitator report

The facilitator report highlights the success stories of the whole SLO process. Each facilitator is encouraged to share one or two positive SLO stories.

A facilitator report is what the Chair does at the end of the year, because of COVID-19, this report has not been done across campus but was mentioned that it will be back for accreditation purposes.

C. Schult-Roman suggested to the DLOACC members to discuss the Spring 2023 SLO results, such as the success rates, if they are going up and gather the information to increase student learning and have a positive success rate.

DLOACC Chair

C. Schult-Roman mentioned at the last DLOACC meeting that she is stepping down as chair for DLOACC. She will be available to train the next DLOACC chair. This position is not an Academic Senate position.

The DLOACC Chair is volunteer based.

Seeking volunteers for DLOACC chair, this will be announced at the next Math Department Meeting.

Dean's Remarks

Dr. Lemons thanked everyone for their contributions and their hard work.
