1. Micr-33: This course has launched. T. Bui will write edits and submit.
 2. Physics prereqs: The prereqs were approved, but don't appear in the catalog yet. Lavonne Plum will ask Lissette Marquez for the status.
 3. Horticulture discontinuance: M. Jimenez and E. Ayala will approve. The items can then move on to final discontinuance.
 4. Chemistry courses: There are some errors in the modality, and the Chemistry Department would like to see changes. M. Jimenez will submit the form to only allow hybrid courses for Chem-4/4H, 20, and 21A/B.
 5. Biotech: The biotechnology certificates and degrees have been submitted.
