

PHARMACY SCHOOL ADMISSION

COUNSELING DIVISION

The following requirements for the major are subject to change without notice. To assure accuracy of the information on this sheet, you should consult with the Pharmacy School Admission counselor, or review articulation agreements at WWW.ASSIST.ORG You may also consult the Articulation Officer for specific articulation agreements.

CAREER OPPORTUNITIES: Pharmacists prepare, compound, and dispense medicines prescribed by doctors, veterinarians, and dentists. They advise doctors, veterinarians, and other prescribers on the proper selection and effect of the drugs.

ADMISSION: Admission to pharmacy schools is highly competitive. An appropriate major for the bachelor's degree should be selected that could lead to an alternate career if necessary. Pharmacists must graduate from a program accredited by the American Council of Pharmaceutical Education. Most schools require a pre-pharmacy curriculum emphasizing mathematics, chemistry, biology, and physics. Pharmacists must also be licensed, which requires graduation from a college of pharmacy. Licensed pharmacists must also complete written and practical examinations given by the board. Pharmacy schools accept applications submitted through the Pharmacy Centralized Application Service, PharmCAS. All of the schools in California and more than 60 schools across the country are participating in PharmCAS. To submit an application through PharmCAS, go to their website at <http://www.pharmcas.org>.

Students may be required to submit supplemental application materials to each program. Students will need to check the individual program website for additional information.

UNIVERSITY OF SOUTHERN CALIFORNIA <https://mann.usc.edu>

Bachelor's Degree is required. A minimum GPA 3.0 is required; The prerequisite courses must be repeated at a four-year university if they are nine years or older at the time the application is submitted. The professional program requires four years and leads to a Pharmacy Degree (Doctor of Pharmacy).

A special program (TAP) for Transfer Students who are interested in pursuing a Doctor of Pharmacy degree at the USC Alfred E. Mann School of Pharmacy and Pharmaceutical Sciences upon completion of a bachelor's degree at USC.

The Trojan Admission Pre-Pharmacy (TAP) program provides talented USC undergraduates with priority consideration of admission to the USC Mann School of Pharmacy's four-year Doctor of Pharmacy (PharmD) program.

TAP students complete their pre-pharmacy coursework while earning their bachelor's degree at USC. All TAP students are required to complete their bachelor's degree before entering the PharmD program. Trojan Admission Pre-Pharmacy Program (TAP) visit <https://mann.usc.edu/program/trojan-admission-pre-pharmacy-program-tap/>

Required courses: Biology 101, 102; Chemistry 1A, 1B, 7A, 7B; Math 150,190; Microbiology 33, Physiology 31 or Anatomy and Physiology 34A and 34B; Psychology 101 or Sociology 101; Economics 102; Physics 2A or 1A and 1C or 3A (it is recommended that physics courses include thermodynamics and electromagnetism); English* 1A, 1B or 1C; Biochemistry (one upper division course for science majors); Communication Studies* 100 or 130 or 140;

UNIVERSITY OF CALIFORNIA, SAN FRANCISCO (UCSF) (<http://pharmacy.ucsf.edu>)

To be eligible for admission, satisfactory completion of a minimum of 62 semester units must have been completed at another college. The curriculum requires two years of pre-professional courses followed by four years of professional study at UCSF leading to a Doctor of Pharmacy

(Pharmacy. D.) Degree. A minimum GPA of 2.80 is required to meet admissions eligibility. PCAT is required for admission

Required courses: Biology 101, 102, 103; Chemistry 1A, 1B, 7A, 7B; Physiology 31 or Anatomy and Physiology 34A and 34B; English 1A, 1B or 1C; Math 150, 190; Microbiology 33; 18 semester units of Humanities and Social Sciences which must include the following courses: Economics 101 or 102; Psychology 101 or Sociology 101 or Anthropology 2; Communication Studies 100 or 120.

Apply by November 1 for admission the following year in September.

Note: UCSF Pharmacy Admission Requirements:

<https://pharmd.ucsf.edu/admissions/reqs/academic>

UNIVERSITY OF THE PACIFIC (www.uop.edu)

Doctor of Pharmacy Degree: 68 transferable units required.

Required courses: Biology 101,102; Chemistry 1A, 1B, 7A, 7B; Economics 101; English 1A, 1B or 1C; Math 190; Microbiology 33; Psychology 101; Communication Studies 100 or 120; Physics 1A or 2A or 3A

*Students with a bachelor's degree are exempt from the GE requirement: General Education and other liberal arts

These pre-pharmacy requirements simply make the candidate eligible for selection. Final selection is based upon recommendations, personal factors and strength of academic preparation.

[Thomas J. Long School of Pharmacy | University of the Pacific](#)

WESTERN UNIVERSITY OF HEALTH SCIENCES, COLLEGE OF PHARMACY (www.westernu.edu)

Students should have a minimum of 60 semester units. The curriculum requires two years of pre-professional courses followed by four years of professional study at Western University of Health Sciences, College of Pharmacy leading to a Doctor of Pharmacy (Pharm.D.) degree.

To be considered for admission, students must: 1) Complete all pre-pharmacy course work at a U.S. regionally accredited institution with a grade of "C" or better by the end of spring and must be within the past 10 years; 2) Have a minimum cumulative pre-pharmacy and science grade point average of 2.50. 3) Although not required, pharmacy experience (volunteer work) is strongly recommended.4) Preference is given to those who have earned a Bachelor's Degree in any field, but it not required. 5) Proof of Legal US Residency.

Submit a completed application by November 1 of the year prior to admission. Admission to the program is competitive, and admission is granted only for the fall term.

Required courses:

Anatomy 32 and Physiology 31 or Anatomy and Physiology 34A and 34B; Chemistry 1A, 1B, 7A, 7B; English 1A, 1B or 1C; Microbiology 33; Math 190, Math 191; Communication Studies 100; Biology 101, 102, 103. Electives: 2 additional courses from behavioral and social sciences, economics, communication studies 120, physics: Note: No two electives can be taken from the same department.

UNIVERSITY OF CALIFORNIA, IRVINE
