The minutes of January 29, 2020 were approved.

A.S.O. Cabinet Parking Permits

The A.S.O. office is currently in M.B.B.M. 135 and their future office will be in the Communications building. Their office is on the opposite side from where their parking privileges are, in Lot H, and they would like to have closer parking. If possible, they would want to have their ten cabinet members park in any available space on the first floor of lot C as well as the ability to park in lot B on Fridays. It would be more convenient for them as they are here from 8am to sometimes 7pm and have meetings throughout campus.

After much discussion, it was decided that before any recommendation take place, the committee will need to review the data on all the lots. Therefore, an audit of all lots will be done before the next meeting. With the construction and closure of the pathway between the old Students Services and the North Gym taking place next week, staff will most likely be parking in the lots on the north side.

This agenda item will be revisited at the next meeting.

Staff Parking in Lot L

Chief Trevis was forwarded a picture of staff parking in lot L pie. The picture had shown that there are plenty of staff spaces open in that lot.

A.Q.M.D

An email will be sent out next week and every week until the deadline, reminding employees to fill out the survey.

Roundtable

Stephanie – More of the white delineators need to be placed on the outside of lot C to prevent accidents and to help distinguish the lanes. She would need to take a picture or create a drawing and turn it in to Erick and he will work with Facilities.

Rebecca – What are the titles of the student executive cabinet members?

President - Urwa Kainat, Vice-President - Giancarlo Fernandez, Student Trustee- Lindsey Lee, Director of Public Relations-Makayla Propst, Director of Academic Affairs-Jennifer Lopez, Director of Finance- Ruben Sagastume, Director of Student Services- Jacqueline Iniguez, Director of Human Resources- Vacant, Director of External Affairs- Julio Tena

Mike B. – He would like to know if this is a committee that can recommend to have the college resurface the roadways and parking lots on campus. It is a safety issue. Yes, this committee can make recommendations that the college start planning for the maintenance of the parking lots.

Giancarlo- He thanked the committee members for listening to the A.S.O.'s request and appreciates that an audit will be done and the committee will revisit the issue.

Claudio –We need more electric vehicle charging stations. There are only ten stations and people are waiting to use them. Claudio would like vehicles that are fully charged to be charged more money for taking up the spot. The item will be placed on the next agenda.

Enforcement and citing of the stations was discussed at a previous meeting and was waiting to be approved. The Chief was asked to hold off on enforcement for now.

Erick – He would like to add staff stalls in Lot F next to Construction Tech because their staff needs parking. This will be put on next agenda.

The meeting ended at 2:08pm.
