**Other Attendees:** D. Breckheimer

---

The meeting was called to order at 1:02 p.m.

Approval of [Minutes – October 18, 2018](#)

Minutes approved.

[Student Activity Fee Transition to ASO](#)

Greg Toya and C. Taylor-Pearce presented the proposal to move ASB fees to ASO. Few points presented were:

- Moving ASB to ASO will give students more involvement on how monies are spent.
- It will students more experience as to how their voices can be used to make a difference.
- It will align ECC students more to what is already happening to other community colleges.
- It will give students a leadership role in student government.
- They will learn fiscal budgeting.
- This will give increased importance to the senators representing the difference department on campus.

Concern brought up by committee: In relations to the Union newspaper, there is a decline of income: a) how will ASO deal with the shortfall of income and b) What if the ASO does not want to pay for the backfill, where does the responsibility fall? It was said that if ASO does not pay for the backfill, it would be the responsibility of the college to come up with the money.

This presentation will be presented to the ASB, Academic Senate, College Council, Cabinet, and the Board of Trustees.

We will bring back the budget cut information to this committee at a future meeting.

Adjournment

The meeting adjourned at 1:50 p.m.
