

PLANNING & BUDGETING COMMITTEE

June 21, 2018

1:00 -2:30 P.M.

Library 202

Facilitator: Rory K. Natividad

Notes: Linda M. Olsen

STATEMENT OF PURPOSE

The Planning and Budgeting Committee serves as the consultation committee for campus-wide planning and budgeting. The PBC assures that planning and budgeting are integrated and evaluated while driven by the mission and strategic initiatives set forth in the Strategic Plan. The PBC makes recommendations to the President on all planning and budgeting issues and reports committee activities to campus constituencies.
10/5/17

Strategic Initiative – C – Collaboration

Advance an effective process of collaboration and collegial consultation conducted with integrity and respect to inform and strengthen decision-making.

WSCH =	Weekly Student Contact Hours
BOGFW =	Board of Governors Fee Waiver
FTES =	Full Time Equivalent Students
FTEF =	Full Time Equivalent Faculty
COLA =	Cost of Living Adjustment
OPEB =	Other Post-Employment Benefits
FON =	Faculty Obligation Number

* A complete list is available in the annual final budget book.

Planning and Budgeting Committee 2017-18 Goals

1. Develop an action plan utilizing the college wide evaluation of planning and budgeting process. The evaluation was conducted last year.
2. Chair to provide brief summary of PBC meeting via email to improve communication efforts.
3. Review and approve the Comprehensive Master Plan to ensure that they are:
 - a. Supportive of the Mission and Strategic Plan,
 - b. Integrated with other college planning and budgeting,
 - c. Implementable, and
 - d. Achievable.
4. Provide orientation and information to new members and alternates
5. Seek evidence of constituent group PBC communications in an effort to improve the understanding of committee efforts throughout the campus.

Alternate Members: K. Iino, S. Porter, S. Waterhouse

Support: B. Atane, B. Fahnestock, I. Graff, W. Kerwin, A. Leible, J. Miyashiro, J. Shankweiler

Other Attendees: D. Maloney, A. O'Brien, D. Patel

The meeting was called to order at 1:04 p.m.

Approval of the May 17, 2018 Minutes

1. The minutes of May 17 were presented to the committee for approval.
2. Page 1, Approval of May 3 minutes, **correct: ASP to: ASB.**
3. The minutes were approved with the above correction noted and will be posted online.

Tentative Budget – B. Fahnestock

1. The tentative budget for the fiscal year 2018-2019 was presented to the committee for their review. The current year has financially gone very well. The year began with a fund balance of \$38,364,047. Revenues amounted to \$128,931,605 and expenditures came in at \$142,915,830. The ending fund balance was noted as \$24,379,822. The STRS/PERS Liability fund received a transfer of \$15 million. This money will help offset the cost increases of STRS/PERS over the next few years.
2. This year we are going to get more revenue for COLA (2.71%) which equals \$2,868,640. The salary increase of 2.71% will be applied to all units effective January 1, 2019. The interfund transfer in from Fund 16 will cover the 2018-2019 increases to STRS/PERS rates (\$1,653,393).
3. It was noted the reason why the budget looks so similar to last year's budget is we are unsure of what the state of the budget will be – no one really knows. It was stated that we will get as much money next year as we did this year - plus we will get a COLA.
4. It was noted every year (through Program Review and the Trac Dat process) we accumulate a list requests. Some of these requests may have not been processed and/or completed. Rather than let these approved items remain as uncompleted, we want to ensure the process for these items are completed. To assist with this, money has been carved out so we can deliver on this plan.
5. It is thought the General State Apportionment will be based on the generation of 19,642 FTES. Money for classified and certificated will be similar to this year: Classified: 1.32% (\$333,464) and Certificated: 1.75% (\$914,612). A listing of full-time faculty positions, classified positions and one management position was listed on the tentative budget assumptions listing. At the end of next year, we estimate to have an ending fund balance of \$22 million.
6. The various operating funds were given a brief overview. The Compton funds (funds 14 and 15) were addressed. It was noted once the partnership ends and we no longer receive funding for having the

Compton Center - \$1.16 million. The strategy decided upon was if we could reach the 20,000 FTES, it will put us into a higher federal funding of about \$1 million. This is why the \$20,000 by 2020 was important. With the change in the funding formula, we are not sure our strategy will play out as planned. We are assuming that it will play out as we are at about 19,600 which will give us a year to acquire 400 more FTES. The question will be how the funding formula will treat the size of the colleges. Hopefully we will hear some resolution on this before the state passes its budget. With this in mind, we will need to be very cautious with our spending.

7. Fund 15 is the second component of our Compton partnership. We get paid \$3.6 million for having another college in our district and \$1.1 million is additional money we negotiated. These will be the two things lost once our partnership with Compton is dissolved.
8. For the general obligation fund (fund 42), we are going to go out and sell bonds at the end of August - \$50 million. The Bookstore fund (fund 51) has \$5 million in revenue which is half of what it had during its peak years. The basically make just enough to run the Bookstore. It was mentioned the budget at this stage does not include Guided Pathways.
9. One other area addressed was AB 19. There is \$46 million proposed to fund AB 19 past last year to extend first-time/full-time tuition waivers for students across the state. No information has been received how this will be calculated.
10. We have a lot of revenue sources but we are primarily funded off of our enrollment. The way our accounting looks, it appears to look much different. What makes up the FTES money is enrollment fees, local property taxes and the state fills in the rest.
11. A correction was noted on page iv of the budget handout. Under Fiscal Year 2017-2018, end of the second sentence, correct the FTES figure to 17,928. Another correction to the beginning of the fourth sentence, correct the figure 19,235 to 19,179. This would change the 400 FTES to 463.
12. It was stated that on pages 6 and 7 are listed notes which explains any places where there are major changes in the budget pages.
13. The committee was informed if anyone is associated with any of the categorical programs and knows more than what is listed in the budget handout, please contact B. Fahnestock and please notify him.
14. A motion was made to recommend the approval of the tentative budget for 2018-2019 to the president.

Approved: Unanimous

No: 0

Abstentions: 0

Adjournment

1. The meeting adjourned at 2:01p.m. The next meeting is scheduled for **June 21, 2018** at 1:00 p.m. in Library 202.

RKN/lmo

State Joint Conference Committee Budget Agreement

On Friday, June 8, 2018, the State Joint Conference Committee reached agreement on the State Budget for the 2018-2019 fiscal year. The two most significant items are related to the creation of the new Online Community College (the 115th college) and the new funding formula for community colleges. Details of these proposals and others of interest are listed below.

- **Online Community College** – provides \$100 million in one-time funding and \$20 million in ongoing funding for the creation of a new online community college, administered by the California Community Colleges Board of Governors. The new online college is tasked with developing courses and programs leading to short-term credentials and certifications with labor market value which are not duplicative of programs offered at existing colleges and lead into pathways offered at existing colleges. In addition, they have provided \$35 million in one-time funds for competitive grants to existing community college districts to develop the online programs, courses and content.
- **New Funding Formula** – creates a new funding formula that will be phased in over three years. The formula contains three components as follows:
 1. **Base Allocation** – Represents 70% of the formula and is calculated on credit FTES at **\$3,826** using a three-year rolling average of FTES plus the allocation for the number of colleges and centers operated by the district.
 2. **Supplemental Allocation** – Represents 20% of the formula and is calculated on the number of students who receive Pell grants, the number of students who receive a California Promise Grant (fee waiver), and those that are exempted from non-resident tuition (AB 540 students). Paid at **\$919** per point for each of the three metrics.
 3. **Student Success Incentive Allocation** – Represents 10% of the formula and is paid at **\$440** per total points computed using the following metrics:
 - a. **AA/AS or BA/BS degree** – Three points
 - b. **ADT degree** – Four points
 - c. **Credit Certificates (18 or more units)** – Two points
 - d. **Completion of transfer level math and English in 1st year** – Two points
 - e. **Transfer to a four-year university** – One and one-half points
 - f. **Completion of 9 or more CTE units** – One point
 - g. **Regional Living Wage within 1 year** – One point

- h. **Equity Component** – An additional \$111 per total points computed in the above metrics for students who receive California Promise Grants (fee waiver) plus \$111 per total points computed in the above metrics at one and one-half times the point value above for students who receive a Pell grant.
- 4. **Hold Harmless** – Provides districts with guaranteed cost-of-living increases in each of the next three years ensuring that districts receive the higher of the amount received in 2017-18 plus COLA or the amount calculated under the new formula and restoration of FTES declines over a three-year period.
- 5. **Noncredit FTES** – Both noncredit and career development college preparation (CDCP) FTES continue funding at existing levels and fall outside of the formula.
- 6. **Alignment with System Goals** – Requires districts to develop goals in alignment with the State system goals appearing in the Strategic Vision Plan developed by the Chancellor’s Office. The goals must be approved by each local Board no later than January 1, 2019.
- 7. **Annual External Audit** – Requires an additional audit step related to implementation of funding.
- 8. **Oversight Entity** – Creates a Community College Student Success Funding Formula Oversight Committee consisting of 15-members to monitor implementation and make recommendations for improvement to the Legislature, Governor, and State Chancellor. Representatives will be chosen by the Governor, Senate Rules Committee and the Speaker. One intention is review the number of first-generation students and encompass this metric into the formula by 2022-23.
- 9. **Phase-In** – The funding formula will be phased in over three years as follows:
 - 2018-2019:** Base = 70%, Supplemental = 20% and Student Success = 10%.
 - Rates: Base = \$3,826/FTES, Supplemental = \$919/point, Success = \$440/point plus \$111/point for Equity.
 - 2019-2020:** Base = 65%, Supplemental = 20%, and Student Success = 15%
 - Rates: Base = \$3,476/FTES, Supplemental = \$919/point, Success = \$660/point plus \$167/point for Equity. These rates will be adjusted by COLA.
 - 2020-2021:** Base = 60%, Supplemental = 20% and Student Success = 20%

Rates: Base = \$3,126/FTES, Supplemental = \$919/point, Success = \$880/point plus \$222/point for Equity. These rates will be adjusted by COLA.

- **Full-Time Faculty** – Provides \$50 million ongoing funds to hire more full-time faculty. At this point, we do not know how the Chancellor’s Office will distribute these funds.
- **One-time Grant/Special Project Programs** – Provides the following one-time allocations for special projects and/or grant opportunities that may impact us:
 - a) **\$50 million** for part-time faculty office hours.
 - b) **\$10 million** towards a “hunger free campus” grant. If we participate, we must have a designated employee for the program and either have an on-campus food pantry or participate in regular food distributions.
 - c) **\$8.49 million** for a Veterans Resource Center grant to establish or enhance on-campus centers that provide support services to veteran students.
 - d) **\$10 million** for a Pathways in STEM fields grant that supports public-private partnerships and creates cost-free education for students in grades 9-14.
 - e) **\$5 million** for a Re-entry programs grant for currently or formerly incarcerated students with a focus on their reentry into their communities.
 - f) **\$10 million** for a mental health services grant to expand mental health services provided on-campus, provide training, and develop stronger relationships with the county behavioral health department and community-based mental health services.
 - g) **\$2 million** for a certified nurse assistant training program grant.

At this point, we do not know how the Chancellor’s Office will distribute these funds.

- **Deferred Maintenance and Instructional Equipment** – Provides \$28.465 million in one-time funds for deferred maintenance, instructional equipment, and water conservation projects. These funds are distributed based upon the FTES generated and are provided directly to the colleges. This is a significant decrease from the \$143.5 million proposed in the May Revise.

- **Financial Aid Technology Improvements** – Provides \$13.5 million in one-time funds and \$5 million in ongoing funds to upgrade colleges' financial aid management systems. At this point, we do not know how the Chancellor's Office will distribute these funds.
- **California College Promise Program** – Provides \$46 million in ongoing funds for implementation of the California College Promise Program. At this point, we do not know how the Chancellor's Office will distribute these funds.

The Budget Agreement will now go to both the Senate and Assembly for vote by each house by June 15. The Higher Education Trailer Bills (AB 1809 and SB 843) will likely not be voted upon for a couple of weeks. If approved, the Governor has until June 30 to sign the budget.

The Tentative Budget presented tonight does not contain any of the provisions listed above. Once approved by the Legislature and Governor, we will incorporate them into our Adopted Budget which will come to the Board in September for review and approval.

Completion Rate

Percentage of degree, certificate and/or transfer-seeking students starting first time in the cohort year at ECC who completed a degree, certificate or transfer-related outcomes anywhere in the CCC system within six years.

Three-Term Persistence Rate

Percentage of degree, certificate and/or transfer-seeking students starting first time in the cohort year at ECC who enrolled in the first three consecutive terms anywhere in the CCC system.

30-Units Completion Rate

Percentage of degree, certificate and/or transfer-seeking students starting first time in the cohort year at ECC who achieved at least 30 units anywhere in the CCC system within six years.

BASIC SKILLS METRICS

Remedial Completion Rate

Percentage of credit students who first enrolled in a course below transfer level in writing and/or mathematics during the cohort year at ECC and completed a college-level course in the same discipline anywhere in the CCC system within six years.

Transfer Level Achievement

Percentage of first-time students at ECC who complete six units and attempt any Math or English in their first year who complete a transfer-level course in Math or English in their first or second year.

CTE METRICS

Career Technical Education Completion Rate

Percentage of students completing more than eight units in courses classified as career technical education (or apprenticeship) in a single discipline for the first time in the cohort year at ECC who completed a degree, certificate, apprenticeship or transfer-related outcomes within six years.

Skills Builder

The median percentage change in wages for students who completed higher level CTE coursework in cohort year and left the system without receiving any type of traditional outcome such as completion of a degree, certificate, or transfer.

El Camino College

Student Success Scorecard

In its commitment to increase transfer and degree and certificate attainment, the California Community Colleges Board of Governors has established a performance measurement system that tracks student success at all 114 community colleges.

This scorecard represents an unprecedented level of transparency and accountability on student progress and success metrics in public higher education in the United States. The data available in this scorecard tell how well colleges are doing in remedial instruction, job training programs, retention of students and graduation and completion rates.

With data reported by gender, age and ethnicity, colleges, students and the public can also better determine if colleges are narrowing achievement gaps, which is vitally important for our students and our state's economy.

Please contact us at scorecard@ccco.edu if you have questions about the data or [documentation](#) used to develop the Student Success Scorecard.

This report is a visualization of the 2018 Student Success Scorecard produced by the California Community Colleges Chancellor's Office. The Student Success Scorecard contains a variety of achievement rates that measure colleges on:

- Basic Skills- Are students able to achieve college-level coursework in English and Math?
- Progress- Are students remaining enrolled and completing coursework?
- Completion- Are students completing degrees and certificates, or transferring?
- Career Education- Are students completing programs or gaining the skills to further their careers?

The Scorecard tracks cohorts of students based on first-time status or course taking patterns for a time period to determine if the outcomes in each metric are achieved. Because metrics each have their own cohort definition, they may contain different sets of students, even when looking at the same year. The page for each metric displays the corresponding cohort size for the most recent year. Where applicable, the page will also display the College's Institutional Effectiveness (IE) Outcome goal for 2019-20.

Each achievement rate contains slicers which allow the selection of multiple characteristics, such as age, ender, race/ethnicity, economic disadvantage, and disability status, to see how different groups, or combinations of groups perform on each metric.

What's Next?

- Scorecard 2018 Final Release
- Chancellor's Office Simplified Metrics to replace the Student Success Scorecard

Simplified Metrics

- Focus will be on students and their educational journeys from recruitment to completion
- Equity will be observed across all metrics.
 - Each metric will be drillable by gender, age, ethnicity, first-generation status, socio-economic status, and others.

Simplified Metrics: Student Journey

Metrics will be broken into seven themes of the student journey:

1. Equitable access
2. Enrolled after application
3. Momentum
4. Foundation coursework
5. Completion/transfer
6. Employment
7. Earnings

Simplified Metrics: Student Types

Metrics will include three student types based on informed educational goals:

1. Adult education/ESL
2. Short-term CTE/skills-builders
3. Award/transfer

Next Steps

1. Board and community questions & discussion
2. Acceptance of the 2018 Student Success Scorecard

2018 Compton College Student Success Scorecard

El Camino College Compton Center operates as an educational center of El Camino College. Under an agreement with El Camino College, Compton Center offers accredited El Camino College courses to residents of Compton, Lynwood, Paramount and Willowbrook, as well as portions of Athens, Bellflower, Carson, Downey, Dominguez, Lakewood, Long Beach, and South Gate. Residents of the Compton Community College District have access to university transfer and career and technical education opportunities, as well as financial aid, basic skills courses and related support services.
