NOVEMBER 2023

College Night

On November 8 from 4-8 p.m., the Associated Students Organization had the opportunity to table at College Night, which the El Camino College Outreach Office sponsored. College Night featured academic divisions, student organizations, and student support programs and services and showcased what they offer prospective students who are considering enrolling at El Camino College! At College Night, ASO was able to showcase some of the accomplishments they have made through the Spring Semester; tabling and promoting the work that ASO does is meeting the critical pillar of our Advocacy in Action Plan (AIA), which is student retention through engagement; we would like to congratulate Outreach for all the work they did to host a record-breaking College Night.

Harvest Fest

Leading up until November 21, the Associated Students Organization, in collaboration with the Inter-Club Council (ICC), assisted the Basic Needs Center in volunteering at the Harvest Festival; the event came back after a five-year hiatus where over 800 students registered. We want to thank the Basic Needs Center for recognizing us with a certificate of appreciation for all the work we have put into the event. Associated Student Organization acknowledges the importance of basic needs for student success and congratulates the pantry on the successful event that has provided students with a bountiful and happy Thanksgiving.

Safety Symposium

On November 13, the Associated Students Organization hosted El Camino's Police Department, Warrior Safety Network, and Student Health Services in a presentation to students that informed them of ways to ensure their safety and well-being on campus. Some key resources available to all students include TimelyCare, Nixle, wellness workshops, mental-health therapy, vaccines, medications, reproductive health services, and more. We'd like to thank the Police Department, Warrior Safety Network, and Student Health Services for dedicating their time to helping students get the support they need.

Kinecta Partnership

The Associated Students Organization finalized ECC's connection with Kinecta Federal Credit Union, allowing students and their families to access free financial literacy and wellness courses, low-interest rate loans, low-cost financial services, and many other exclusive member benefits. We plan to announce the launch of these benefits starting in the Spring!
