LIVING IN JOY: ENCOMPASSING JOY IN THE EXPERIENCES OF BLACK PEOPLE

To experience joy is not enough, for an experience can sometimes happen only once. Rather we must live in joy, so elation can be encompassed in our everyday experiences as Black people whether good, bad, happy, or sad. For that means joy exists in every aspect of our lives, and with that mind, body, and spirit, we as a people are able to move, even in uncertainty.
