

EL CAMINO COLLEGE

# BLACK HISTORY MONTH

## BLACK RESILIENCE: HONORING LEGACY, PERSEVERANCE, AND BEAUTY

When discussing the Black Experience, society tends to have a one-sided mindset and sees the Black Experience as oppression, ancestral blood being tainted, as well as sacrilege. The goal of this month is to give the students, faculty/staff, and the community at large a different mindset, to see the Black Experience from a holistic perspective, and to show that Black people have remained resilient, creative, and beautiful. We aim to show off Black Success, Black Excellence, and Black Beauty, despite the oppression.
