

Are you receiving a Stale Request Error while logging into ECC Connect?

This is due to a security setting that will not allow you to log into the system, after you have already bookmarked the site once you were initially logged in.

This is a simple fix.

From your Chrome browser, Bookmark this page. https://elcamino.starfishsolutions.com/starfish-ops/

(Click on the Star to bookmark any website on your Chrome browser)

Or you may create a shortcut to the webpage on your desktop. Copy the link, **right click** on an empty space on your desktop, Select New Shortcut.

The following window will appear, now you may right click and paste the link of the webpage.
