

El Camino College  
Parking and Traffic Advisory Council  
April 27, 2022

Stephanie Bennett  
 Mike Blada  
 Lyn Clemons  
 Rebecca Donegan  
 Amy Hanao

Tom Hazell  
 Arnold Jackson  
 Jonelle Jones-Morrison  
 Mitchell Kekauoha  
 Gary Robertson

Mike Trevis  
 A.S.O. Rep-Isabel  
Gallagher

The meeting started at 1:02pm.

The minutes from March 30, 2022 were approved.

#### Update on Lot A Signage

Facilities has removed the two signs that are between Humanities and the Science buildings. A work order was put in to paint over the red markings on the asphalt which made the road appear as if it's one-way. Mitchell is working with the painter on the striping in that area.

#### Update on Virtual Parking Permit System

Chief Trevis got a one-year quote of \$73,000 for one year, which covers everything. Our current expenses for parking are around \$135,000, so the virtual system would save money. Chief Trevis had put in the request for the virtual parking system in Nuventive and it is just a matter of it being approved. He doesn't know yet whether physical permits will be ordered for the fall semester and is waiting for Ross to tell us to proceed with ordering, if needed. Chief Trevis will update Marketing once the timeline for the system is known, so that the information can be sent out to the students.

#### Roundtable

Mike T. – Most parking lots are half full or less as most students may still be taking online classes.

Mitchell – He completed the AQMD training and now has to complete the Metro training in May. Once complete, he can get the Rideshare/Carpool program back up.

The meeting ended at 1:17pm.
