

El Camino College
Parking and Traffic Advisory Council
July 26, 2023

Attendees: Rebecca Donegan, Amy Hanoa, Tom Hazell, Jonelle Jones-Morrison, Mitchell Kekauoha

The meeting started at 1:04 pm.

The minutes from May 31, 2023 were approved.

Fall Semester Parking

Student parking is free for the Fall semester to promote enrollment.

Staff Permits

We do not have new staff permits, as we were waiting to hear the status of the Fall student permits so that the permits can be placed in one bulk order. Staff permits will be ordered now that we know student parking is free for Fall. In the meantime, staff can continue to use their current permits that expire on September 1, 2023, until the new ones arrive. If a staff member does not have a permit or needs a replacement, we will continue to issue the current permit until the new ones arrive. Division offices were notified that there weren't new staff permits and will be updated when the new permits are in.

Hanger Parking Permits

There were complaints about the sticker permits and many people had to have their permits replaced. The sticker permits were hard to peel off when transferring to another vehicle and would rip apart. The committee agreed that the hanging permits were better. Mitchell will order hanging permits.

Roundtable

Jonelle – In Lot B, will there be the same amount of parking once the Health Center is complete?

Mitchell is not sure what the plans are and will look into it.

Do the instructors have to fill out a Lost Parking Permit Form if their sticker permit was damaged? They don't need to fill out that form, just fill out the request for a new permit and put replacement with the reason "damaged".

Rebecca – There used to be three or four spots on the campus road in front of Life Sciences near the tree at the Manhattan Beach Blvd. and Crenshaw corner. It is now painted red. Can those spots be given back to staff/faculty? It will be looked into as to why they were removed.

Tom – Can the spaces be made larger for the athletics vans parked in Lot K by the police station? The students can't get in and out or load/unload their equipment because the spaces are tight.

Cars are speeding through lot H. Can speed bumps be placed in that lot? It will be looked into.

The meeting ended at 1:24 p.m.
