Round Table

Mike Trevis

Mike hosted a meeting on November 30th. Eighteen police chiefs from community colleges and universities in the area came to the event. The #1 issue with all of them was the bike theft on their campuses and next issue was vending machine theft on campus.

The plan is to market to students and staff who ride bicycles to school/work to register their bicycles. We would also like to educate the campus community on bike theft prevention. As bike racks are installed on campus, cameras will logistically be located near the bike racks.

Sharin will discuss with Dipte Patel to have online registration since Dipte is on the Information Technology Services committee.

Detective Michael DeSanto is doing a superb job. He walks around campus in plain clothes. Yesterday, he saw an individual, who should not be on campus, coming out of the Student Services Center building. The individual said that he was going to register for classes. Detective DeSanto has had contact with him in the past.

Mike Trevis has been working with the El Camino Community College District lawyer who deals with restraining orders on people we feel are a danger to our campus. In order to get a restraining order, people need to say "I am afraid."

On-going construction: Cameras will be installed in open areas. The plan is replace the blue emergency phone.

Patty Gebert

What is going to happen with parking for faculty? The Parking Committee will make a recommendation to the administration. At around 4:25 pm – 4:30 pm, there is a problem with faculty finding parking in the evening in staff lots. Students are allowed park in those stalls after 6 pm and should not occupy staff parking until that time. Cadets are advising student to move his/her vehicle if student is in the stall before 6 pm.

Rebekka Asher suggested having a couple of staff only parking stalls for evening instructors.

Meeting ended: 1:25 pm
