

Police Advisory Committee Meeting
February 4, 2015

Present: Patty Gebert, Shandra Jones, Arlene Bautista, Mike Trevis Phil Mariano

The minutes to the December 10, 2014 meeting were approved as written.

Mike Trevis

The campus has had issues where it was necessary to send out Nixle alerts/advisories. Nixle alerts are issued by the police department. Other campus alerts such as emails are handled by the Public Information Office, Ms. Ann Garten,.

There was a officer involved shooting with a former El Camino College student in parking Lot F. Gardena, Hawthorne, Torrance Police departments responded. The Los Angeles Sheriff's department handled the investigation.

There have been recent changes in the law which require the campus to make policy changes in reporting certain incidents. If someone comes on campus and reports that he/she was sexually assaulted or he/she is being stocked, there must be a policy in place to address this. The goal is to keep the victim safe rather than sending them to another agency. This will also provide the ability to work with other law enforcement agencies.

Shondra Jones

Shondra inquired as to how we get more people to get Nixle. Mike is aware that there was discussion in the vice president's meeting. It was recommended to include a tab for Nixle for students to sign-up on the El Camino College web page

What is the school's protocol in getting the information out to the students? The student newspaper asked students if they received notification.

Mike – As soon as anyone hears what may appear to be gun shots, he/she should call campus police. Campus police will issue the alert.

Students can enter the following:

For El Camino College 888777 and in the body of text eccpd.

For El Camino Compton Ed Center 888777 and in the body of text cecpd.

Patty Gebert

Who are the people who will be picked up for the campus escort shuttle service?

Anyone can use the shuttle service. Because the cadets' who are assigned to drive the shuttle work until 10 pm, police officers will handle the shuttle service after 10 pm.

Things are calming down. There have been issues with the doors at their new location. She will set-up a date and time for Mike to address the academic senate.

Meeting ended 2:35
