Women's History Month

Nominations are open for the Distinguished Women's Award

Deadline: Mon, Feb 26

[Nomination Form](#)

This year's National Women's History Month theme is "Women Who Advocate for Equity, Diversity, and Inclusion." The theme recognizes women throughout the country who understand that, for a positive future, we

need to eliminate bias and discrimination entirely from our lives and institutions.

During 2024, we recognize the example of women who are committed to embracing everyone and excluding no one in our common quest for freedom and opportunity. They know that people change with the help of families, teachers and friends, and that young people in particular need to learn the value of hearing from different voices with different points of view as they grow up.

This event has been going on since 1997.
