Description: E.D. 121 assists the student in selecting a career, in developing effective job-search skills, and in understanding the laws which protect the disabled in the workplace. Students will complete inventories of their interests, personality, skills /aptitudes, and work values to gain self-understanding. Students will research various careers and practice the steps needed for employment. Note: "Career" means more than just paid employment; it refers to all the major life roles the student values.
