**For more information
and an employment
application call:
310-370-6215**

Philosophy

The Discoveryland Board of Directors and staff are committed to creating an environment that is nurturing, stimulating, and safe for young children. Our program holds the following beliefs: ➤ Each child is a precious product of divine design. ➤ Each child is a unique individual. ➤ Self-esteem is an important factor influencing their future success. ➤ The best curriculum focuses on a child's individual development. ➤ Each child is encouraged to follow the Golden Rule of sharing, caring and respecting one another. ➤ Family participation is valued and encouraged, and is an important part of the program

How We Teach

Our teaching style encourages children to learn through concrete "hands-on" experiences, which are appropriate to the child's needs. We believe that "work is play" and that children need time to develop through play with real objects before they are ready to read, write, or understand number concepts.

At South Bay Christian School's grand opening in 1964, Del Amo Boulevard was a two-lane country road with a tiny drive-through dairy and grocery store 500 feet to the east. The horse stable next door made the campus seem like it was thoroughly in the country. Times have changed, and so has the campus. In 1986 the elementary program expanded, and Discoveryland opened its doors to five students and one teacher-director. After 37 years we are licensed for six classrooms with a total capacity of 114 children.
