Truck Driver Application

Start a Career in Commercial Truck Driving

Help wanted! There is a critical workforce shortage of truck drivers at our heavily-congested ports. According to the Bureau of Labor Statistics, the Los Angeles, Long Beach, Anaheim and Riverside, San Bernardino, Ontario metropolitan areas rank amongst the highest in national employment demand for heavy and tractor-trailer truck drivers. With a median-average -hourly wage of \$28.40 and even higher-average-hourly wages of \$42.55, now is the time to start a lucrative and exciting career in transportation. In California, you may be hired to drive a commercial motor vehicle (CMV) carrying cargo that originates and terminates within state lines if you are at least 18 years old, and to drive for interstate commerce or transport hazardous materials/waste if you're 21 or older. In either scenario, you need to hold a Commercial Driver's License (CDL) in order to drive a Commercial Motor Vehicle (CMV).

ABOUT THE PROGRAM

El Camino College Community Education department's program provides a 3-part approach to train you for a California Commercial Learner's Permit (CLP) and prepare you to pass the DMV behind-the-wheel exam to earn your Class A Commercial Driver's License (CDL). Once you obtain your Class A California Commercial Driver's License, you will be eligible for entry-level employment positions in the trucking industry. The program is all-inclusive priced at \$5,995. This registration fee includes all class materials, usage of truck for training and testing, and DMV permit/class A license fee. Part 1 prepares you for the knowledge tests to obtain your commercial learner's permit. Part 2 provides the hands-on behind-the-wheel Range training. Part 3 provides the hands-on behind-the-wheel Public Road training and testing at the DMV. *Students that obtain their class "A" license will be provided details to add-on optional endorsements and TWIC card. Additional fees may apply.*
