1. SLO Assignments for Fall 2015

1.1 This semester, the department will assess the speaking and reading series. The following instructors will lead the assessments:

51A – Debbie Mochidome and Evelyn Uyemura, with the part-time instructor

51B – Debbie Mochidome

51C – Evelyn Uyemura

52A – Nancy Currey and Debbie Mochidome

52B – Nitza Llado and Rebecca Loya

52C – Matt Kline

1.2 Kevin informed the faculty that a new version of Tracdat is in use and that there will be upcoming workshops to provide instruction.

2. Consistency Project

2.1 Kevin asked the faculty if they would be interested in continuing the consistency project this semester. The faculty agreed that 53B would be the best class for this project. Since the SLOs for the writing series were just completed in the spring, faculty wondered if the consistency project would still be available in the spring of 2016 so that the 53BSLO and the 53B consistency project could coincide. Evelyn asked how the information from such a project would later get out to other faculty who teach the course. Allison and Nancy suggested sending out an information sheet or letter, similar to that which is given out for ESL 53C/Eng A, would be the best way.

3. PLOs

3.1 Debbie Mochidome and Evelyn Uyemura volunteered to work on PLO1 for the speaking/listening series.
