

HISTORY – TRANSFER REQUIREMENTS

The following requirements are subject to change without notice. To ensure that this information is current, you should consult with a Liberal Studies counselor or review articulation agreements via the Internet at www.assist.org.

CAREER OPPORTUNITIES

The study of history can help students gain perspective on their own society and compare its traditions with those of other civilizations. Average employment prospects are expected for historians who have a master's or doctoral degrees and wish to work in teaching, libraries, archives, museums, research and editorial organizations, and government. Those possessing only a B.A. are likely to find very limited opportunities. A history major is a good background for lawyers, legislators, business executives, radio and television newscasters, and Foreign Service. This major may also lead to many other careers. For additional possibilities, check the EUREKA computerized career database, the Occupational Outlook Handbook, or one of the many other resources in the Career and Transfer Center.

HISTORY AA-T REQUIREMENTS

Students who have completed the AA-T in History will have a strong academic foundation in the field and will be prepared for upper division baccalaureate study at the university. This coursework will satisfy most of the lower-division requirements at many institutions within the California State University system. This degree is intended for students who major in history and may provide priority consideration for admission to a CSU.

Students considering transferring to a UC, private, or out of state university: Please consult with a counselor before applying to transfer since transfer requirements may be slightly different than those required for the AA-T.

Required Core: 6 units- History 101 or 101H, 102 or 102H

List A: 6 units- History 140, 141

List B: (one course from each area): 6 units
